

Plains Game Hunting

Al Thandiwe, has multiple variations of vegetation which caters for it's numerous established herds, offering exceptional hunts and trophy's. Our experienced and professional team will tailor make your safari hunt to your specification and needs. Ensuring that your hunt will be the one to remember.

We have more than 20 variations of antelope species for selection, which include: Some of the large plains game including Blue Wildebeest, Giraffe, Zebra, Waterbuck, Eland, Kudu and Gemsbuck. The sought after antelope like Red Hartebeest, Mountain Reedbuck, Impala and Blesbuck are also available for hunting.

We also have the ever popular Warthog and Bush Pig in abundance, the prime males strutting about are also available for

inclusion for hunters.

Al Thandiwe will always endeavour to meet your expectations. If there are any species that you wish to hunt that we do not offer, we will endeavour to source it for you to complete your dream safari.

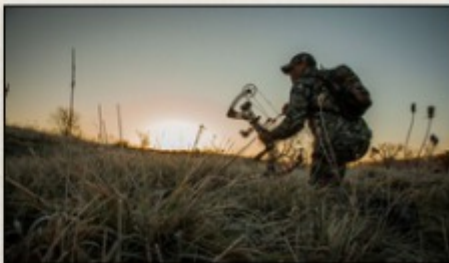

Big Game Hunting

We also have relationships with other safaris outfitters. If you wish to hunt big game such as Lion, Hippo, Elephant, Leopard and the Cape Buffalo at competitive pricing , we can make this happen for you.

Bow Hunting

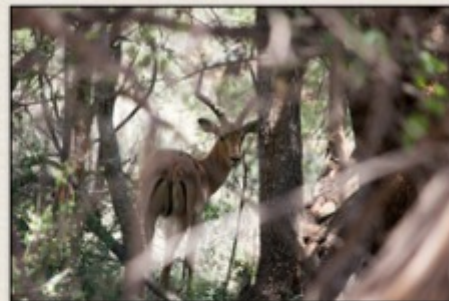

With strategically placed bow hunting blinds, which are well constructed and can accommodate most bow's (please enquire before hand). Al Thandiwe has ground blinds and elevated blind / stands near watering and feeding areas.

The blinds which have considerable comfort and manoeverability, offer hunting opportunities, for various antelope species. Traditional walk and stalking of your desired antelope is also catered for under the guidance of one of our professional team members.

Hunting in full camo can be achieved which will further test your hunting skills and patience to the maximum and then ultimately deliver a splendid trophy at hand.

Hunting Safaris Gallery

We respect the fact that you may not be a hunter and would like to warn you that some of the pictorial content may be disturbing to sensitive visitors.

Wildlife management and balanced conservation necessitates the management of all game species to ensure a healthy balanced population on the farm.

Wingshooting

Al Thandiwe Safari hosts wing shoots on our own farms and this is in keeping with Nature Conservation Practices and our holistic approach to Nature Conservation. We also offer wing shoots on other farms, that have various bird species to be bagged.

All our shoots are carefully planned and each farm is pre-inspected to ensure that we are able to ensure a memorable Wingshoot and to balance the bag limits to our sustainability policy and our conservation ethos.
