

Wedding Receptions

Al Thandiwe has recently completed another new reception hall that can cater for 40 people seated, inside and an additional 60 seated under a bedouin tent. People love to sit in the evenings watching the sun set over the mountain and bushveld with the full panoramic view.

The reception hall has a fully stocked bar and fully equipped kitchen to be used to cater for all your culinary needs. From small intimate parties to large get togethers. The reception hall flows out onto a wooden deck which then meets a shimmery crystal blue infinity pool, creating more space for your reception party.

The area is set in the bushveld, and comes alive at night with the ambient lighting that has been positioned around the reception hall and in the bushveld, to set the scene of another beautiful night under the stars.
